The Matrix IC3 Cycle delivers high performance cycling in the comfort of your own home. Featuring a Poly V belt drive train, the cycle is incredibly low maintenance and also enables you to enjoy an improved pedalling technique.

You can enjoy a comfortable and solid training platform thanks to its solid steel frame, while the padded sports saddle and soft PVC ergo handlebars are ultra-comfortable and allow you to adjust for guaranteed ideal positioning.

The bike features a narrow Q Factor of 155mm. Positioning your feet closer together, it aligns your hips, knees and feet for maximised muscular force, ultimately delivering improved comfort and efficiency.

You can also choose between SPD pedals or toe cages. The bike also features premium protection plates. Form-fitting, they minimize signs of wear and provide convenient calf-stretching areas.
